Balance in Treasury March 1, 1892, \$ 352 49

H. E. ADAMS, Treasurer.

REPORT OF SCHOOL BOARD

FOR THE YEAR ENDING MARCH 1, 1892.

Five schools have been maintained in town the past year, and the teachers have all been retained from the beginning.

But few cases of complaint have been entered. In the Grammar school there was a lack of strict discipline which is needed in that particular school. The teacher was a hard worker and a good teacher, and tried her best to control by love and moral suasion ; but it is a well known fact that that medicine sometimes fails. The scholars were all old enough to know good manners, and to aid and not detract from the general good. The teacher is placed there to instruct them for life's duties, and if parents would do their part of training, there would be little call for anything more than moral suasion to govern a school.

With this one exception the work was well done and profitable. As has been often remarked before, until parents and teachers will co-operate and work together, the highest interests in the education of our children will not be attained.

There have been 105 different scholars enrolled in town with an average attendance of 75.

It was voted to build a new school house in the easterly part of the town to take the place of the old No. 5, so called, but dissatisfaction arose in regard to its location and the citizens near the old site appealed to the County Commissioners. Their decision was put off until it was too late to do anything before the winter term.

Appended will be found roll of perfect attendance and statistical table, also financial statement of the treasurer.

B. H. BRITTON,
O. J. WILLSON,
S. W. DART,

School Board.

O. J. WILLSON, Supt.
